

Martha Sherman Chosen To Represent Tech At Girls' State

Three honors in one week were received by Martha Sherman Co-editor of the 1951 Yellowjacket. The staff elected Martha, editor-in-chief for next year and chose her for the most useful member of the staff. She will receive a medal for this on graduation night. The school has also chosen her to represent them at Girl's State.

Girl's State is sponsored by the American Legion Auxiliary and will be held at Ward-Belmont College in Nashville, Tennessee. The purpose of Girl's State is to provide citizenship training so that the girls may understand the functioning of their government.

Martha has had many honors bestowed upon her before. She was co-editor of the Yellowjacket this year, Girl's Vice President of the Junior Class, President of Miss Agnes Reams' homecoming for the last two years, and was just recently elected editor of the Yellowjacket for next year.

Commercial Classes Make Field Trip To Esso Plant

Stanfield, went on a field trip to the Esso Standard Oil Company to see their offices in action. The group was met by Mr. F. P. Horton and Mr. J. D. Hays of the Public Relations Department. Mr. Ernest J. Walker, Office Manager, escorted the group through the many departments where each department had explained the type of work and machine used. The offices of the Standard Oil Company are centralized and therefore have special departments for each phase of the work.

Mr. Walker stressed the importance of dexterity for the fingers and accuracy. The students observed the concentration in these offices.

Miss Mayo Linder in behalf of all on the trip said, "We want to thank Mr. Walker and his co-workers for showing us around the office".

Jolly Juniors Elect 1951 Hall of Fame

The Jolly Juniors have recently chosen a Hall of Fame. Miss Margaret Gavin, class director was in charge of the election. The following were the winners:

Most Popular—Sherwin Blackburn and Billie Jean Wood.

Most Likely to Succeed—Leon Bankas and Martha Sherman.

Most Courteous—Ted Branton and Mary Virginia Leigh.

Best-all-round—Orville Williams and Betty Pittman.

Smartest—John Vogt and Betty Baker.

Wittiest—Bobby Sullivan and Era Watson.

Yellowjacket Journalists Attend MSSPA 1950 Review Wins "Superior A" Rating

The first annual Mid-South Scholastic Press Association meeting was held at Memphis State College the 27th and 28th of April. The highlight of the ceremonies was a banquet and a dance at the Gayoso. Dr. John F. Board, head of the Department of English at Mississippi State College for Women, was the speaker at dinner. He stressed the vital importance of a free press in a democracy and also told ways in which this could be lost.

Other speakers of note at the convention were Miss Helen M. Patterson, professor of journalism at the University of Wisconsin and Thomas C. Morelock, Director of Public In-

TECH TO LOSE TWO FACULTY FAVORITES

Miss Margaret Warren
Tech is losing one of its most beloved teachers, Miss Margaret Warren. As everyone knows, Miss Warren has been teaching girls' Physical Education since Tech opened in 1928.

Miss Warren was born in Fayetteville, Tennessee and later moved to Memphis when she was only two years old. After attending Idlewild School for two years, she moved to Nashville where she attended Ward Belmont. It was at Ward Belmont that she became interested in teaching Physical Education. She finished her high school education in Dallas, Texas and then attended Hollis College in Virginia. She transferred in her last two years to Peabody College in Nashville where she majored in Physical Education and received her B. S. Degree.

Sherman To Lead '51-'52 Jacket Staff

Mr. Martin J. Bradley
When Mr. Martin James Bradley retires this year, it will bring to a close thirty-seven years of teaching experience, which he has thoroughly enjoyed.

Mr. Bradley was born in "no man's land" in a dugout, an extreme western section of Oklahoma in 1893. His dad, who is now 91, had settled there. When Mr. Bradley was two years old, they moved to Durant, Oklahoma; and in 1906 when he was thirteen, they moved to Lawton, Oklahoma. He graduated from Lawton High in 1915, and in his graduating class there were only twenty-three. After graduation he attended Stout Institution at Menomonie, Wisconsin, and finished in 1914 and began teaching at Thornton, Arkansas.

Honor Students Will Speak At Graduation

There are still a few positions open and the staff urges all sophomores and juniors who are interested to see Miss Margaret Kelly in room 106.

Martha Sherman, the new editor, is co-editor this year and is a new member of the Quill and Scroll. Carole Mae Eoff wrote a monthly column on sophomore news; Paul Holt is exchange editor this year and also Rena Mason was exchange editor and wrote the column "Reels and Records." Barbara Espey wrote "Bala Babbles About Boys" each month. Margaret Denton was co-editor of the paper this year and has won two loving cups. One was for a winning Fire Prevention editorial and the other for a feature story at the Mid-South Scholastic Press Association held at Memphis State.

TEN TOP SENIORS

The following students are announced as the top ten in the 1951 graduating class by Mr. J. L. Highways, principal.

Faye Berryhill, Valedictorian; June Dawson, Salutatorian; Roberta Moon, Patsy Herrin, June Ambrose, Bobbie Morgan, Harvey Dice, Mary Ann Dugan, Margaret Pughan, Ann Dendy.

TECH BAND SHINES IN RECENT PARADES

Tech takes its hat off to the Tech High Band. The Clean Up, Fix Up, Paint Up, parade was lead down Main Street by the Tech High Band. It was the first time in Tech's history to lead a parade.

During Federal Inspection, April 18, the band made a splendid showing. Major Rosay, Inspecting officer, was very complimentary.

Congratulations to Mr. Walker, as he was selected to serve as a judge for the Arkansas State Band Festival, April 27th and 28th at Hot Springs, Arkansas. He came back with a fine sun tan; looked as if he had been to Florida.

For the month of May, the Tech High Band has a full schedule.

Friday, May 4—leave for the annual Strawberry Festival in Humboldt, Tenn.

Wednesday, May 9 and Saturday, May 12—march in Cotton Carnival

Awards Announced In ROTC Contest Company C Best

Outstanding Cadets: Bill Johnson, Leon Bankas, Frank Dawson.

Neatest Cadets—First, Sam Richards; second, Ted Branton.

Manual of Arms—first, Norman Brewer; second, Frank Dawson.

Best Drilled Squad—first, Sue Lee; second, Gladys Preett.

Best Drilled Squad—Walker Hurd, Lynn Mitchell, Keeffe Moore, Norman Brewer, Dan Wilson, Frank Potts, Benny Tucker, Finley Wilmoth, Jack

Schedule Announced

For the month of May, the Tech High Band has a full schedule.

Friday, May 4—leave for the annual Strawberry Festival in Humboldt, Tenn.

Wednesday, May 9 and Saturday, May 12—march in Cotton Carnival

Begin As Tech

Later, Mr. Highways asked him to come for an interview, and he has been at Tech ever since. Mr. Bradley started out with much hope and ambition, and from the first minute he stepped into a manual training room, he knew he wanted to teach it.

He considers his woodworking department as important a part of the school as English or any other subject. It develops skills and teaches students to manipulate materials, just as English creates an interest in literature and some of the more cultural things of life.

He looks back and remembers many boys who are now holding responsible jobs all over the country. One, John Steelman, is an assistant to the President. Another is captain on a submarine.

Mr. Bradley feels that the greatest satisfaction that ever comes to a teacher is to see his students develop into successful citizens, and that the pay in money is nothing compared to the satisfaction their student's progress brings. Although he thinks the students aren't as serious about their work as some of

Chemistry Pupils Tour Southwestern Campus After Experimenting

On the afternoon of Thursday, May 3, most of the Tech Hi Chemistry Class visited Southwestern. They worked some advanced chemistry experiments under the direction of the Southwestern instructor. After they finished in the lab, they were given a tour of the campus and invited to dinner.

Best Drilled Squad—Company C, commanded by Paul Kising.

Awards to the winners will be made next Tuesday, May 15th.

Tech Students Honored At Boys' City Meeting

Tech's Jimmy Anderson, President of the Senior Class, was elected as Vice Mayor of Boy's City by the delegates in their recent meeting. Also on the council of the Mayor was Bobby Olson appointed Fire Chief; Ronald Dalrymple, Police Chief; Margaret Pughan, Juvenile Court Judge; and Gloria Melton, Chairman of the City Beautiful Commission.

Tech walked off with the first and second prizes for the essays on the improvement of Memphis. Bobby Olson won the first prize which was a \$25 War Bond for his suggestions on cleaning up the slums of Memphis. Margaret Pughan won second prize which was two \$7 tickets to Faust for her suggestion to put a person in the Juvenile Court to help the children play and get toys for them to play with.

Tech had eighteen delegates to go, one for every fifty people. The seven from the Senior Class were Margaret Pughan, Sara Barrett, Gloria Melton, Bobby Olson, Jimmy Anderson, Ronald Dalrymple, Robert Puchs, and Bob Boone. Six from the Junior Class were Martha Sherman, Paula Holt, Mary Ann Burke, Leon Bankas, Norman Brewer, and Tom Neely. The Sophomores were Betty Frost, Jo Lynn Yarbrough, Dewayne Phillip, Cortez Smith, and Henry George.

ART PUPILS PAINT AND DECORATE TINY HOUSES

The latest project undertaken by the art department was painting and decorating two miniature houses for the City Beautiful Department display at the Home Show. Two houses built alike were changed, one to represent a typical slum area, and the other was beautified with curtains, shrubbery and flowers to present the modern homes of today.

Barbara Armstrong, a very bright art student, has recently received another award. Her poster on "Up! Paint Up! Fix Up! week" third place in the recent contest.

Place cards for the banquet during the Mid-South Scholastic Press Association convention made by Tech High art class signed with miniature type and a sun burst background were popular with the judges from other schools.

Plans for decorations at the Banquet and Junior Dance are being made.

MRS. ISABELLE BALL TO PRESENT ANNUAL FASHION SHOW; CLOTHES WILL BE MADE AND MODELED BY TECH GIRLS

This afternoon Mrs. Isabelle Ball will present her annual fashion show showing the clothes made and modeled by her Home Economics clothing classes. Special musical numbers will be presented on the program by Betty McKinney, Mildred and Margaret Pool and Bessie Moore, and a special piano number by the accompanist, Mrs. Robert Ramey.

The girls and their dresses will have to be extra fine because they are to be judged. The judges will be Miss Margaret Warren, Miss Ada Millett, and Mrs. Paul Hicks. Winners will be chosen from the following groups: Best Group of Clothing; Best Model; Best Outstanding Costume.

Mrs. Ball's Home Ec. girls who will model are: Beverly Agnew, June Ambrose, Natalie Bailey, Geraldine Balch, Betty Berryhill, Wanda

Best Drilled Squad—Company C, commanded by Paul Kising.

Awards to the winners will be made next Tuesday, May 15th.

BIG SHOW PLANNED BY SENIOR CLASS

Now that the Tech Minstrel is over, Mrs. Lois Edwards' thoughts are turning to a quiet program by the chorus in their robes. Nothing definite has been decided because of graduation being so close.

Tuesday afternoon, April 24, Mrs. Louise Bowen was invited to talk to the music students about the opera, "Faust." She brought many beautiful records, and as a result several students who had never attended an opera before went to see Faust on April 27.

The senior class is planning to have the best variety show Tech Hi has ever seen in the next week or two. All seniors who have been on Tech shows in the past three years will perform and some newly discovered talent will be added.

SENIOR SCHEDULE

May 17—Senior Banquet and Junior Senior Prom at Hotel Peabody.

May 20—Baccalaureate Sermon at Bellevue Baptist Church, 10:45 A. M.

May 25—Senior Picnic at Maywood.

May 26—Graduation at Ellis Auditorium. Dr. Hostetter, F. B. I. agent, will speak and Mr. Julian Boudurant, President of the Board of Education, will give out the diplomas.

FAREWELL TO TECH

As we, the members of the senior class, get ready to leave "dear old Tech," we bequeath our fond memories to all of the incoming senior classes.

The seniors will always have a place in their heart for Tech High and its beloved principal, Mr. J. L. Highways, and the Tech High faculty, who have successfully guided us for the past three years.

FAREWELL TO THE SENIORS

An open letter to the Seniors of Memphis Technical High School from the faculty and students:

Dear Seniors, There is, perhaps, no harder word in the English language to say than goodbye. It seems like such a simple thing, but how can it possibly convey to you the words which we wish to say to you now, the things which all of us feel deep inside.

In closing this farewell letter we would each like to say good luck and may God be with you—Tech Graduates!

Sincerely Tech High School

Junior Class Leads Spring Honor Roll With 69

The Senior Class placed 46 on the Honor Roll. Miss Lula Cullen's Class led with 15 girls.

SENIORS

Highest Honors: John Childers, Joan Lackey, Elizabeth Highsmith, Mary Jo Christley, Anne Dawson, Becky Grubly, Katie Johnson, Bobbie Jean Scott, Patricia Herrin, Faye Berryhill, Barbara Reed, Margaret Farhan, Jane Ambrose, Harvey Dice, Eugene Gill, Jimmy Keefe, Joan Dungan, Helen Herring, Betty Vaughn.

High Honors

Bob Boone, Sara Haley, Bobbie Morgan, Anita Simpson, Jerry Bolton, Hestvold Cook, Sarah Crumby, Nancy Shipp, Winna Smith, Mary Walker, Annette Smith, Jessa Franks, Roberta Mooney, Gwen Ford, Bernice Mae Frost, Ann Dendy, Bobby Olson, Mary Jane Dugan.

Fun, Knowledge, Work Mingle In Class As Jacket Staff Serves School Daily

The Yellowjacket Staff meets every day at the second period under the capable direction of Miss Margaret Kelly. The staff puts out a monthly paper and at the end of the year the Tech Review.

There is no credit given for journalism. But the members of the staff feel that their time is well spent, for they learn many things about working on a newspaper.

Don't think that it is all work and no play because the members of the

staff find that journalism is entertaining as well as educational.

The staff attends at least two journalism clinics a year. They have already been to one sponsored by the Commercial Appeal and another at Memphis State.

New sophomores will be welcomed on the paper in September as it is Tech's policy to try to have the staff made up of members of all three classes.

REELS AND RECORDS

By RENA MASON

Nineteen-fifty-one certainly seems to be a year for musical novelties. One of the best we've heard in years is "The Revin' Kind".

Speaking of novelties, those two great artists Louis Satchmo Armstrong, and Louis Jordan, have come up with two very fine recordings on the RCA label. Those two clowns not only play terrifically but their humor is tops, strictly high class.

Here's a song with a definite Latin beat that has traveled to the head of the Hit Parade. The spicy Latin flavor makes it very danceable and very pleasant listening. I mean, of course, "Would I Love You" is a style reminiscent of the great Billie Miller and Jerry Grey has recorded this tune, with Tommy Traynor doing the vocalizing in a nice smooth manner.

More on the top side with "Soft" vocal is the very different, "My Heart Is Out of Town". On the reverse is "Autumn Leaves" which contains all the melancholy of Autumn in music. These Ray Anthony and you can get them on regular ten inch or long playing records.

The official top tunes of the month recordings are classics, no doubt, are on everyone's HIT PARADE, both young and old. Many hours have been spent listening to these familiar smooth melodies which we all love.

Recently in an election of Y-Teen officers for next year, Rena Mason, now a junior, and member of Miss Frances McDowell's homeroom, was chosen President.

From The Hi-Times: HOP LOY SAYS by Sara James Cates. If girl say she on diet, Girl, if you write boy when you are mad, Better be careful or you lose your lad.

When girl say "no" when asked to park, Does not mean she's afraid of dark, Girl, if you like boy who do not like you, To stop liking him is best to do,

Love is like an onion: You taste it with delight, And when it's down you wonder Whatever made you bite!

SAME AS THE SHOW "Three Musketeers"—Joanna Watson, Joyce Smith, and Jerry Oldham.

"Gone with the Wind"—Bobby Sullivan.

"Valentino"—Charles Sharp.

"Call Me Mister"—Mitchell Jacobs

HAPPY BIRTHDAY

In the north temperate zones, May is one of the most beautiful months of the year. May is the fifth month and has 31 days.

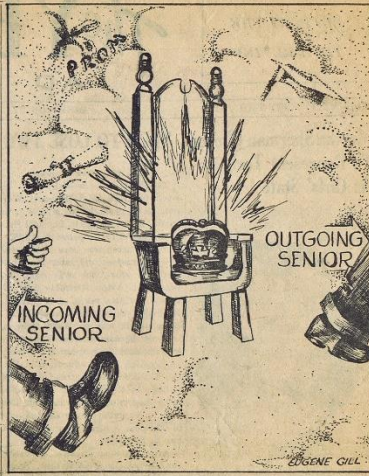

There are several stories about how this month was named. The most widely accepted story is that it was named for Maia, the Roman goddess of spring and growth.

May is the month when the first garden crops are beginning to sprout. The flowers for May is the hawthorn. The emerald is the birthstone, or the special gem.

In most states, May 30 is observed as Memorial Day or Decoration Day. It is a legal holiday, sacred to the memory of those who died in the wars of the United States.

MARVLIN WITH MAGGIE—Writer Bids Adieu—Congratulates Winners Too

This will be my masterpiece! Therefore read closely each insignificant word. For just as great men from Washington to MacArthur have done, Maggie will now deliver her "Farewell Address." My message to you, dear readers, this is goodbye (and I do mean goodbye!).

Seriously speaking, though (as I could), Maggie feels that this has been a grand year for all, certainly there've been some of the biggest and best parties of Tech has witnessed in many a year.

Mr. Sr. Grand Finale The social doings of the merry month of May "have and will be confined chiefly to the seniors activities and well they should be. Remember Sophs—"everybody has his day."

Climax! The year for the Juniors and especially the Seniors, will be the Junior-Senior Prom in the Venetian Room of the Hotel Bechtel on

Waldrop, of said homeroom, had a leading part in the Speech Department's major production and represented Tech at Gainesville, Florida. Shirley Grimes and Faye Coker won ribbons at the Mid-South Fair and Charles Heinman and Joanne Frost designed a project for the "Plant to Prosper" Contest. To top this off Miss Kirk's basketball team won the Girl's Intramural Championship. Congratulations to all!

PRESENTING TECHITES—ALL SENIORS CHOSEN

Perhaps you've been wondering who the pretty girl with the pleasant voice and personality to match is. This brown-haired girl has a smile that makes everyone she meets happy, and a pair of sparkling blue eyes. Who fits this description? Why no one but Betty Thompson.

Betty Thompson Betty Thompson Perhaps you've been wondering who the pretty girl with the pleasant voice and personality to match is. This brown-haired girl has a smile that makes everyone she meets happy, and a pair of sparkling blue eyes. Who fits this description? Why no one but Betty Thompson.

Brownie Yow Have you seen that athletic boy who placed third in the City Track Meet? If you haven't you've certainly missed a lot! Who is he? Brownie Yow, of course.

Brownie is five feet eleven and a half, has brown eyes and brown hair. He is in Mrs. Lois Edwards homeroom and is very active in sports. He is also on the rifle team.

Brownie's favorite sport is swimming and when it comes to sports, "Sentimental Me" ranks first. He is usually seen with his best friend Jimmy Dickson.

Brownie is only his nickname but he likes it so well he won't tell you his real name. Brownie is really a fine fellow and cooking and sewing are some of the ways she spends her leisure time.

BABS BABBLER'S 'BOUT BOYS—Bleats 'Bout Departing Seniors—Bounces Back To Admire Athletes

With a tear and a sigh Babs says goodbye boys! Well I just don't know what I'll do when all the Senior boys are gone. What will I babble about? Just think gone will be Jimmy Anderson, who is so nice, Ronald Dal-

Sportily Speaking Kill the umpire! Babblered Babs as the Tech baseballers went down in defeat, but they played a good game. Babs doesn't see how we could possibly have lost with such players as George Skouteris, Norman Brewer, John Tally, Gene Gentry, Jack Carter, Bobby Ricks, Johnny Pearson, and Jimmy Ballard.

Athletically Speakin' CONGRATULATIONS to the members of Mr. S. C. Jordan's home room

I must confess that since this is our last class I am feeling a bit melancholy to be my cheerful self and will now bid you - goodbye.

TECH HIGH Y PUBLISHED MONTHLY MEMPHIS TECHNICAL... THE Co-Editors: Ma Sports Editor... Exchange Editors... Circulation Manager... Editor: R. O. T. C. Editor... Staff Artist... Jordan's Class Wins Intramural Track Meet Vaughn's Class Second

In Tech High's annual intramural track meet, Mr. S. C. Jordan's homeroom emerged victoriously with a total of thirty seven points. Coach Vaughn's boys were a close second with thirty-five points.

Mr. Jordan's relay team, composed of Johnny Pearson, Jesse Pearson, Harvey Dice and Donald Gatewood, was an easy winner in the 880. Harvey Dice also took first place in the one half mile run and fourth in the 220 yard dash.

Coach Vaughn's homeroom was ably represented in the dashes by speedy Dell Dean and the versatile Country Hall.

Dell ran away with top honors in both the 50 yard dash and the hundred yard dash, while Country proved best man in the 220 yard dash.

In the field events Big Bill Davis was top man, winning both the shot put and the discus throw. Big Bill wound up and heaved the shot 45 ft. 4 in. and sent the discus sailing 102 1/2'.

The most closely contested event was the broad jump, won by Donald Gatewood with a jump of 17 1/4'. In his first try, Country Hall jumped 19' 6" but fell back and had to take it over. This time he fell three-fourths of an inch short of Gatewood's mark.

Robert Sanders topped the pole at 9'8" to win the pole vault, and Brownie Yow took first place in the high jump with 9'7".

The meet was closely contested all the way, with Coach Vaughn's homeroom and Mr. Jordan's battling for first place. Half way through the meet, Coach Vaughn's boys were leading Mr. Jordan's 27 to 14; but the doughy Jordan team came back to win every one of the remaining events and the meet, 37 to 35.

Key Club Delegates Journey to Louisiana

The Key Club recently held a convention at Alexandria, Louisiana, on April 27, 28, and 29. The Key Club members from Tech who attended were Ronald Dalrymple, Orville Williams, Dewayne Phillips, Gene Howard, Preston Ford, Bill Johnson, Clyde Turner, John Earl Grisham, Thomas Nealey, Sherwin Blackburn, and Herbert Drane.

It was a long drive but everyone had a wonderful time. Arriving at Alexandria we all piled out to look for a place to stay where a fat wallet wasn't needed.

The next morning we left for the Gulf of Mexico to get in a little swimming. The temperature down there was enough to kill an elephant. Reaching the Gulf we enjoyed the cool water for a few hours, and then returned to Alexandria. On the return trip we went over the Port Arthur Bridge, the largest in the South.

Reaching Alexandria again we held elections and a boy named Ricky was named governor. The next day we passed in sight-seeing fashion. Saturday night we went to a banquet and then to a dance. The girls down there aren't as good looking as the ones in Memphis. Early Sunday morning we started back for Memphis. We passed through Vicksburg National Park and saw many monuments erected in honor of the Union and Confederate soldiers. The Key Clubbers had a wonderful time and wished that you all could have gone also.

Teacher's Tea - Two Wedding Receptions - Fill Home Ec. Girls Schedule With Fun

Miss Ada Millett's Foods Class of the Tech High Home Ec. Department has had a varied schedule this month.

April 26, the first period class gave a tea for the faculty. The table was beautifully decorated with Iris and Narcissus and carried out the purple and white color scheme. The menu, which was planned and prepared by the girls, consisted of cheddar cheese balls, green pepper and cream cheese pinwheels, small, assorted sandwiches, cup cakes, punch, and toll house cookies. Those who served were; Betty Lou Sharp, Elizabeth Kinney, Jasmine Lobjoy, Marilyn Mitchell, Ann Moore, Marie Saint, Glynette Cockrell, Barbara Rayburn, Carol Twohey.

April 27, Miss Millett's fourth period class had a wedding reception, complete with bride, groom, and a beautiful home made wedding cake. The wedding party formed a line for the members of the class, who were the guests. The bride was Dolores Sowell; bride's mother, Dorothy Gorman; bride's father, Jo Ann Keyes; groom, Martha Morris; groom's mother, Evelyn Rhyne; groom's father, Barbara Jones; preacher, Reva Arrwood; preacher's wife, Edna Rose Cook; organist, Betty Sharpe. The table was magnificent in all white with white carnations, white gladiolus, and fern decorations, and with a few dots of red made by fresh strawberries.

Hi-Y PURPOSES EXPLAINED TO ALL

Hi-Y is a nation-wide movement working for a Christian democracy. Over 9,000 clubs and 250,000 members are participating in the Hi-Y program. The present purpose—"to create, maintain, and extend throughout the school and community, high standards of Christian character," was adopted in 1913. Under leadership of Young Men's Christian Associations, conferences and training camps are conducted in all parts of the country to improve the efficiency of the officers and leaders in attaining the purpose of the Hi-Y movement.

The function of this club is to help boys achieve a more Christian status, developing sense of responsibility, performing useful community service, conserving and strengthening democratic traditions, and cooperating with other groups of young people to achieve these objectives.

Any boy who is a student at Tech is eligible for this club. The only requirements are; attend the weekly meetings, and pay small weekly dues of 10 cents. The club meets at the Y.M.C.A. every Monday night at 8 o'clock. Mr. O. K. Wells is the leader. John Childress is president of the Hi-Y at Tech.

Warren's C. D. Pleases Mothers and Teachers With Program and Tea

On May 27, Miss Margaret Warren's sophomore homeroom gave a tea in room 109 honoring the students' mothers and members of the faculty.

The program included a vocal study by Frances Riley, a piano solo by Carolyn Jones, and several piano selections by Mrs. Jones. A list of the achievements and honors won by the girls was announced by Nelda Burch.

The refreshments were served from a lace draped tablecloth and spring flowers were arranged in the center of the table.

This homeroom has led in the number of the sophomore honor roll several times this year.

Presenting Techites Found Favorite Feature As Staff Conducts Poll of Students' Opinion

In the recent poll taken by the Yellowjacket "Presenting Techites" was voted the favorite feature in the paper. Marvling with Maggie came in second and Jimmy Autry's column took third place.

The majority of the voters liked the paper as it is without any improvements. Some of the suggestions for improvements were; more jokes and humorous stories, more news about the school activities and club activities, and more news about the Sophomores.

More improvements on homeroom columns and more action pictures of students were suggested. The Yellowjacket Staff will consider these suggestions and try to make all improvements. Therefore Tech can look forward to a better paper next year.

Betty Crabtree was in charge of the sixth period Foods class Wedding reception, recently planned and held in tea room. The wedding party included Joyce Eubanks as the bride, Bobbie Dedmon, the groom, Faye Coker, Maid of honor, Shirley Grimes, the preacher, Patsy Mc Kinney, mother of the bride and Betty Ann Crabtree, father of the bride.

The lovely lace-draped table was laden with a colorful array of pin wheel sandwiches, turkey sandwich, leaf, fruit punch, mints, and a wedding cake.

The cake was baked by Shirley Grimes and Faye Coker, the punch prepared by Bobbie Dedmond, and the sandwiches by Joyce Eubanks, and Patsy McKinney.

This event was eagerly planned and enjoyed by Miss Ada Millett's Home Ec. girls because some of them feel they'll need this experience in the not too distant future.

Tech Students See History In The Making—General MacArthur Address On Television

Crowding around the T. V. set are Prin. J. L. Highaw and some Tech students listening to General Douglas Mac Arthur's speech to Congress on his return from Japan. The set used in the auditorium was lent to Tech High by Jenkins Inc.

Three other sets were placed in strategic positions in the school so no student or teacher need miss this remarkable event of history in the making. The other sets were lent to Tech by Clayton Oil & Supply Company and H. W. Sterling & Son Electrical Contractors.

COMEDY OF ERRORS TAKES PLACE

No! Well there were just such twists at the first annual Mid-South Scholastic Press Association Convention held at Memphis State College last week.

Many members of the Yellowjacket Staff had entered into various contests. Tech was well represented as one first prize, a gold cup and two second prizes were carried off. There was only one catch—they were won by the wrong people. Such is the case of the Yellowjackets' Society editor, Margaret Denton, and the feature writer Jimmy Autry. The two Techies entered the feature writing contest. The results were unexpected as Margaret Denton took the first prize feature cup, poor Jimmy wasn't mentioned.

Another sad example is the case of

Library Aids Receive Practical Experience

Have you seen these five busy girls in the Library? They are Miss Ora Lee Newton's assistants; Ann Gibson, Martha Robertson, Joyce Smith, Thelma Utley, and Jean West. The duties of these girls are to keep the books and magazines in order. They also check the books in and out of the library, and the most important thing they do is listing all the books in the library.

These girls work in their spare time in order to learn the jobs of a librarian

REPORTER REVIEWS SOPHS IN THE NEWS

BY VIRGINIA SOTT
Hi Soph Yellowjackets!
The Sophomores recently gave an outing at Shelby Forest. The lodge was decorated by the class officers in blue and gold crepe paper. Among the Sophs there and their dates were Carrie Mae Eoff 'n' Bobby Olson, Betty Jo Frost 'n' Dewayne Phillip, Charlotte White 'n' Bubba Williams, Nell Putman 'n' Buzzy Ford, Mary Alice Nethery 'n' Bobby Newman, Frances Riley 'n' John Earl Grisham, Margie Brown 'n' Jimmy Garner, Shirley Hunter 'n' Volney Ashley, Merv Jo Brovies 'n' Joe Biles, Tessie

Young Life Camp
Seems like the Sophs who went to Young Life Camp at Shelby Forest, April 27-29 really had a wonderful time. Those attending were Frances Riley, Betty Jo Frost, Carrie Mae Eoff, Mary Alice Nethery and Gene Boren.

Fish Fry
Mr. Drane is planning to give his homeroom a fish fry and swimming party, May 5, at Drane's lodge.

Key Club
A good time was had by Dewayne Phillip and Clyde Turner when they attended the Key Club Convention at Louisiana, April 26-29.

Journalism Clinics
Our Sophomores really do get around. Jack Rogers and George Daniels attended the Mid-South Scholastic Press Association Meeting at Memphis State, April 27, 28. They also attended the Commercial Appeal Journalism Clinic at Ellis Auditorium, March 29. Mary Jo Brovies, Carrie Mae Eoff, Nannice Bower, and David Jacoby attended the Journalism Clinic also.

Hurry! Rush And Worry! Last Minute Scurry! Students Strive To Impress Faculty Favorably

BY JIMMY AUTRY
You can see it on the faces of everyone—the students, the teachers, the dietitian, and the custodians. School is nearly out again. Everyone works with more vigor. The Home Ec. girls are sewing like mad to get through before summer catches them; The wood shop boys are working with more enthusiasm; and everyone in general seems to be getting gayer—except, the seniors. In grammar school, on the last day of the term, everyone dashes madly out of the building screaming: "School's out, School's out, the teachers let the mules out!" In junior high, it is not as bad, since the eighth graders become the seniors of their school and the ninth graders must now act with the dignity of high school students. In high school, the sophomores are no longer going to be the underdogs, they become the jolly juniors while the juniors inherit the title of seniors. But, the seniors—the poor seniors, we go through our last few days reluctantly, knowing that this is our last taste of high school. We will no longer be the objects of address when Mr. Highaw says: "Young Ladies and Gentlemen." This was ours for three good years but it is no more. You ask where the seniors will go? Well, we seniors feel as if we know quite a bit, but as the sophomores become juniors and the juniors become seniors, it is our fate to become freshmen and find out all over again just how much we DO NOT KNOW. To all those who read this column, thanks very much and to everyone as-well-as Tech, "So Long, Its Been Good To Know Ya."

Graduating Seniors
HIGHLY-PAID, PERMANENT JOBS ARE WAITING FOR YOU
Hundreds of employers need trained operators of Burroughs Business Machines...
REGISTER IMMEDIATELY
for courses starting after your high school graduation. Choose from classes in the operation of calculating, bookkeeping and billing machines.
