NUMBER SEVEN

Girls First District Basketball Champions

1, Carolyn Foster; 2, Geraldine Armstrong; 3, Opal Jack; 4, Ann Trash; 5, Eddie Sue Jones; 6, Frances Hardison; 7, Marjorie Cornell; 8, Mary Emma Craine; 9, Esther Kelly; 10, Dorothy Tisdale; 11, Lucille Frazier; 12, Verneil Harris.

231 Pupils Make Fourth Honor Rolls

Highest Honor
Achieved By
85 Students

The first honor roll of the second semester showed a drop of 26 students from the previous six-weeks period. There were 232 pupils on the entire roll and of these 85 made highest honor as compared with 96 for the last period.

Highest Honors

Ila Ann Fleener, Rose Gordon, Katherine Roberson, Kitty Shelby, Betty Greene, Tommie Lee English, Dorothy Novell Vera Jarrard, Mildred Dalton, Eloise Kelly, Rachel McConnell, Robert Butler, Earle Harris, Billy Galloway, Morris Kustoff, Billy Paschal, Tom Miller, Woodrow Payne, Jack Samford, Sam Knapp, James Andrews, Bernadine Summers, Ruth Watkins, Katherine Becker, Natalie Noyes, Alice Piel, Lorraine Miller, Mary Elizabeth Hopkins, Mary Kacardes, Marjorie Quillen, Charlotte Barfield, Dorothy Dixon, Dorothy Fulghum, Alline Robinson, Alvin Baker, Jasper Richardson, Glen Woods.

Rosalynna Morgan, Saera Edwards, Mary Lee Wood, Verneil Harris, Helen Muehl, Sisie Muehl, Norma Newing, Bernice Russell, Ruth Watkins, Dorothy Becker, Lynne Macley, Norma Schmittie, Grace Ware, Ernest Lovington, Pettus Davis, Edgar Luton, Ray Tanquary, John West, Fritz Nussbaum, Rahrt Johnson, Lillian Bradley, Peggy House, Betty Stewart, Ann Thrash, Davis Threlkeld, Ellen Marr Truss, Anne White, Lucille Wood, Frances Truss, Marjorie Blaylock, Anna Margaret Dunavant, Marie Easterwood, Dorothy Lohmeyer, Ann Pendleton, Willie Mae Pugh, Noah Perry, Eric Mitchell, Ray Fisher, James Hart, Jewell Tackett, Inez Ferguson, Doris Wise, Will Pearri, Gloria Hurley, Marion Richardson, Judy Cour, Mary Frances Fretz, William Luton, Billy Caldwell.

Highest Honors

Edwin Paine, Harry Epperson, Leslie Birchfield, William Hamlet, Millard Rhodes, Ed Poole, Parker Johnston, Henry Samuels, Glen Akin, Alma Amaur, Carolyn Foster, Mary Richards, Sarah Sellers, Martha Lou Vaughan, Carolyn Baker, Marian Smith, Hilda Alexander, Jack Simonton, David Baldrige, Betty Curry, Jean Johnson, Jane Holt, Bob Alecott, Lorine Davidson, Hilda Dayton, Marjorie Penaher, Dorothy Reinhardt, Marie Garrett, Muriel Cole, Nellie Shoffner, Frances Hestegge, Mary Belle McCarter, Robert Bruce, Lightborne French, Billy Williams, George Helsey, Grady Mangham, Polly Forester.

Martha Jane Sallust, Patricia Higgins, Mary Frances Gasser, Frances Bryan, Annette Courts, Jo Marian Harris, Margaret Jordan, Catherine Rhodes, Charlotte Williams, Virginia Guy, Louise Davis, Anne Clements, Dorothy Duke, Alva Bailey, Edna Holland, Bessie Lee Foster, Norma Lee Sharp, Alice Wherry, Frances Jacobs, Daisy Mae Fosh, Grace Smith, Jane Green, Dorothy Reeve, Alice Rosser, Jean Yates, Edward Wil-

(Continued on Page Four)

Festival Concert To Be Presented

The Annual spring Music Festival Concert will be presented Tuesday night, March 28, in the Tech High Auditorium under the direction of Wilson Mount, director of music.

The Tech High glee clubs, which will take part in the state competition-festival at Nashville the first week in April, will sing. A small symphony orchestra will augment the choral program and will accompany the chorus in the finale.

Sixty new vestments have been procured for the mixed chorus and the singers will be in full dress for the occasion.

Works of Mozart, Gluck, Coates, Tschakowsky, Cain, Kopoly and Kountz will be included in the program. A special presentation will be a number dedicated to the Tech singers by Noble Cain, conductor-composer of Chicago. The composition is a negro spiritual, "In That Great Gettin' Up Mornin'".

Sophs Strive For Popularity

The sophomore popularity contest is still in progress. All contestants for every position are having a feud among themselves, just like the Martins and the McCoy's. Right this minute there are students hustling around, acting as salesmen, selling tickets for their nominee in the contest. Each vote will cost a penny. There are two contestants for each title.

They are: Most popular boy, Tom Craig, Stratton Barboro; most popular girl, Lillian Bradley, Jane Holt; cutest girl, Dorothy Moore, Mary Frances Jacobs; cutest boy, Jimmy Rose, Charles Baker; best all-round boy, Jack Bishop, Ed Camferdam; best all-round girl, Marjorie Woodmansoe, Kay Starr; wittiest boy, Johnny Younger, Kenneth Shoup; wittiest girl, Gloria Barron, Margaret Williams; best-looking boy, Ralph Dugard, George Sawtelle; prettiest girl, Katherine Williams, Carol Cresswell.

Former Yellowjacket Editor Phi Beta Kappa, Most Coveted Honor At Princeton University

Principal and Mrs. J. L. High were very happy last week due to their son, Robert's, election to Phi Beta Kappa at Princeton. This is the most coveted honor at this old university. The Phi Beta Kappa key is more coveted than the football P. During his high school days Robert served for one year as editor-in-chief of the Yellowjacket.

In his four years at Princeton, Robert has won many honors. Among these, in addition to Phi Beta Kappa, was the presidency of Ohio Debating Society. This debating club is the oldest organization of its kind in the world. It was founded about 1765. During the last half of his senior year, Robert has been designated as a no-course man. The highest ranking honor men of the senior class are given the privilege of freedom from class attendance and class assignments. Robert is spending the time in research work on his thesis. His thesis is being written on the life of Chief Justice White.

The biography, when completed, will be published under the title,

"Justice White Speaks," a judicial biography. This will be the first complete judicial biography of the famous southern jurist. A twenty thousand-word abstract of the biography will be published by the Louisiana Historical Society for distribution in Louisiana. Robert will present autographed copies of his first book to the Tech High School library and to the Cravitt and Goodwyn Institute libraries of the city.

Tech Gets New Ball Diamond

If a new baseball diamond will make a championship team, Tech should win the Championship. As you have probably noticed there is a new back stop which is a big improvement over the one last year. They are also scraping off the diamond and working on the base lines. It will be much better for the team to practice here instead of going to Hodges Field.

STILL NO BASINS

Previously the Yellowjacket mentioned the fact that there is no place in the building that the boys might wash their hands and faces. This was mentioned before with the hope that something would be done about it. So far no provisions have been made and the boys must go through the school day with soiled hands. Dust and grease are almost sure to be picked up on the drill field and lunch must be eaten with this dirt in evidence.

Wash basins are a necessity and therefore

should be installed with running water to keep first class sanitary conditions prevailing at Tech High.

EDITORIAL COMMENT:

In reply to the above editorial Mr. Highsaw says, "Time after time money has been spent to provide the boys with a place to wash their hands, but within a few hours after it was put in the entire plumbing was destroyed. Whenever students make up their minds that they will protect the wash basins which we provide for them, new ones will be installed, but until that time they must bear the consequences of past actions."

That should give you something to think about, boys.

ONE CLUB WE NEED

The "L. R. H. S. Tiger", one of the Yellowjacket's exchanges, announces that the students of Little Rock Senior High School have organized a Blue Tag Movement. The objective of the club is to better the conduct in their assemblies.

Charter members of the society wear a blue tag on which is a pledge for good attention in assemblies. Anyone who wishes to participate in the movement can get a tag from one of these charter members.

Such an activity in Tech would be well worth while and, we believe, would receive support from the student body.

Will someone take the hint?

MISS KELLY BACK AGAIN

It is good to have you back after being absent three days with the grippe. You were missed by your students, Miss Kelly, and we sincerely hope that you shall not be ill again soon.

We appreciate Mrs. Barber taking your classes. It is nice that the work can be carried on in the absence of a teacher.

KEEP IT UP, JANITORS

One teacher remarked that on entering the school on Monday morning each week it had a smell of cleanliness about it.

This fact is explained because our building is not old and because of the excellent work of our janitors. It is true they are paid to do this work but they could do it not as well as it is being done and still be on the good side. We like their good work and we like their spirit of friendliness so to them we say, "keep it up".

Maybe Here's Something You'll Like

BY WOODROW PAYNE

Well, cheer up old pal, there are four down and two to go. The results are many and varied, some are very joyous, and others are rather despondent, they are the ones who have been over here for three years, and have become so firmly attached to our dear old school that they are coming back for another year. (Can you imagine them doing such a drastic thing.)

Let This Be a Lesson to You Boys

Last Friday was the opening for Carl Lorch and Orchestra at the Claridge, Mr. Lorch, having previously been in Memphis with Jody Meeke and Ornesera. So one of our brilliant females, in order to make a good impression on his fair lady, took his girl up to the ballroom and introduced her to Mr. Lorch, and left a very convincing impression that he was an old and dear friend of the maestro's, and she was just like, until the young lady informed our unfortunate friend, that since he is such a good friend of Mr. Lorch's she wants him to go with her when she goes to see about getting a job with the orchestra, she also asked that when being such close friends she was sure that he could help her out a great deal.

For Men Only

Boy Vancieve, I have been asked to warn you, that if you keep up that two-um-ing, she will be dull for you and you will have no more JOY for the rest of your life. Honest boy, do you think it is the nice thing to do.

Neason F'reburg, I was rather surprised in receiving the tip I got for you, it is that you should be a little more tactful in winning your girls, especially sopnomores with blond hair and a very keen wit. (Do I make myself clear, Nelson?)

For Ladies Only

Mary Florence Dodd, if your wish is to come true for a lot of boy friends, I have been asked to tell you confidentially that you should wear more makeup, when you finish retiring.

Rebie Willis, the general opinion is that if

you would cut down on your number of boy friends, you would be much better off.

If our extra curriculum activities occupied as prominent place in our school here, as in Oklahoma City, we could really go to town. In Cussen High School, about the size of Tech, they have three speech teachers, and have attended two major tournaments this year. Speaking of tournaments, when we journey to Union University this week end we will meet Tech's past debate pride, and my former colleg, none other than Clinton Keaves. Clinton is to be a guest at Union and is to take part in model debate.

Tech High Hit Parade:

The following songs were selected by a poll of personal opinion throughout Tech. The songs will be accompanied by a number of students named in proportion to the number of votes that were cast for the song.

1. Deep Purple—France Shaw, Sydney Morris, Bill Carrington, Fay Walker, Jeanne Peebles, Tom Miller, Don Manning, Hazel Dunaway, Bill Joly, Margaret Beloumini, Jack Cramer, Sam Kahn, Roy Cummings, Martina McCallen, Doris Blancet, and others.

2. Hold Tight—Wing Minor, John Taylor, Mildred Sowell, Jimmy Spencer, Tarle Harris, Clinton Starr, Buck Smith, Mr. Russell Johnson, and others.

3. Stardust—Doris Middleton, Henry Samuels, Mary Umphreys, Prince Robbins, and others.

4. You're The Only Star in my Blue Heaven—Kitty Shelby, Edgar Luton, Marguerite Rushing, John Wynne, and others.

5. Blue Senerade—Virginia Beasley, John Eastman, and others.

6. I Cried For You—Debie Willis, Monte Lowe, and others.

7. Heart and Soul—Kathleen Norris, Stella Stratton, and others.

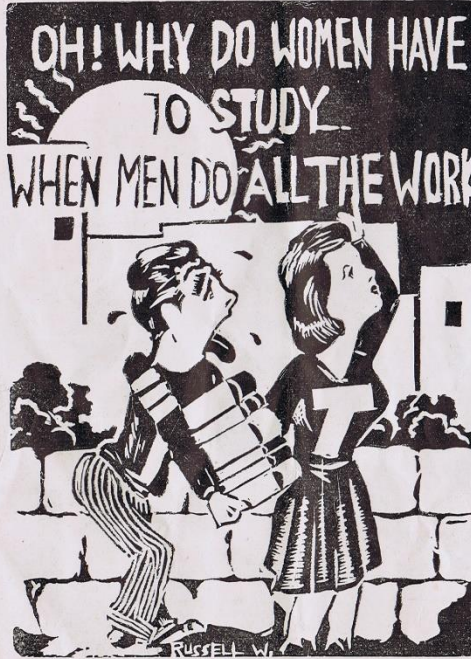

8. Jeepers Creepers—Bubber Wallace, Feter Meek, and others.

9. Could Be—Ray Starr, and others.

10. Josephine—Evelyn Wood, and others. Others receiving many votes were, You Must Have Been A Beautiful Baby, Rapsody In Blue, Margie, Please Be Kind, Lightly and Politely, Deep In A Dream, If I Had a Million Dollars, Just a Kid Named Joe, My Reverie, and I Hadn't Anyone 'Till You.

There was a difference in the choice of John and Faye, John chose "Hold Tight", and Faye chose "Please Be Kind", tch! tch!

For the benefit of those who have asked about the new students who were at Tech Friday, they were the students who compose the Speech Department of Jonesboro High School.

Down Literary Way

ECHOES

BY HELEN MOORE

If you've ever read any of Edgar Guest's poetry, you know that he writes to every-day

The other day in social science class, the teacher gave a list of terms to define and one of them was, "sweating systems."

people about every-day things in every-day language. This poem "Ma and the Auto" tells a cute story about a back-seat driver.

Before we take an auto ride Pa says to Ma: "My dear, Now just remember I don't need suggestions from the rear."

If you will just sit still back there and hold in check your fright, I'll take you where you want to go and get you back all right.

Remember that my hearing is good and also I'm not blind, And I can drive this car without suggestions from behind."

Ma promises that she'll keep still, then off we gayly start, But soon she notices ahead a peddler and his cart.

"You'd better toot your horn", says she, "To let him know we're near; He might turn out!" and Pa replies: "Just shriek at him dear"; And then he adds: "Some day, some guy will make a lot of dough"

By putting horns on tonneau seats for women folks to blow!"

A little farther on Ma cries: "He signaled for a turn!" And Pa says: "Did he?" in a tone that was hot enough to burn.

"Oh, there's a boy on roller skates!" Cried Ma. "Now do go slow! I'm sure he doesn't see our car." and Pa says "I dunno, I think I don't need glasses yet, but really it may be

That I am blind and cannot see what's right in front of me."

If Pa should speed the car a bit, some rigs to hurry past, Ma whispers: "Do be careful now, you're driving much to fast."

And all the time she's pointing out the dangers of the street And keeps him posted on the roads where trolley cars he'll meet.

Last night when we got safely home, Pa sighed and said: "My dear, I'm sure we've all enjoyed the drive you gave us from the rear!"

The bright pupil in the class answered: "They 'football'."

A young lady who had done exceptionally well in school was promoted to the third grade. On meeting her old teacher whom she had liked very much, she said, "Gee, I wish you were smart enough to teach me next year."

What do you do down by Riverside-Park?

Mary: See my new purse? It matches my new shoes.

Betty: What's in it?

Mary: Nothing.

Betty: You're wrong, it matches your hat.

Education student to his neighbors: "Now I lay me down to sleep, the lecturer's dry, the subjects deep. If he should quit, before I wake, give me a pinch for heaven sake.

You can lead a horse to water

But you can't make him drink

You can give a pupil zero

But you can't make him think.

Teacher: "I want you to tell me ways in which animals travel. For instance, buffaloes travel in herds, sheep in flocks. Give me another example, Joe. Joe: Monkeys, in trees.

At his first wedding engagement, as officiating clergyman, a nervous young minister asked, "Is it kistomary to cuss the bride?"

The two reddest faces in Oklahoma City the other night were the Classen couples who, entering the Saturday night midnight ramble at the Joy theater were hurried to their seats by the comedian's "Well, the show can go on as soon as the Classen aggregation finds some place to sit."

Wanted: A place of seclusion during intiation—A pledge.

Jim: I wouldn't take Mary out for anything. Bill: You're cracked. Jim: In fact, I'm broke.

He who laughs last, laughs best so, I'll laugh now at the last joke in the column and laugh better at it than all the others.

Tech Boys Go To Semi-Finals of Regional Meet

Win 31 Games Before Defeat By Milan High, 42-27

After displaying championship form in their first two contests in the Regional basketball meet at Milan, Tech High Yellowjackets slumped against an air-tight zone defense put up by the Championship Milan Club and were eliminated in the semi-finals.

Maury City succumbed before the Tech powerful offense in the initial game, 51 to 37. In this game the Yellowjackets opened up with everything they had and were never seriously threatened. Buddy Boyte and Lloyd Bartlett led the Tech men in this battle as they racked up point after point and successfully broke up play after play of the Maury Citizens.

In their next encounter Tech ran up against the tourney favorite. The fact that Adamsville was the favorite, however, put no fear into the hearts of the Jackets and they proceeded to triumph by a 34 to 30 score. Again the stellar work of the titan-haired, Buddy Boyte stood out as the shining factor in the victory. Buck Smith also shone brilliantly as he deposited goal after goal and led the scoring.

Following this, Tech ran up against the host team, Milan, and were soundly thumped, 49 to 29. The Milan outfit displayed a bewildering defense that was just about impenetrable and the Jackets

were unable to get their high-scoring through to the bucket. Thus Tech lost her first game in her last thirty-nine starts.

In the consolation affair, however, Tech partially redeemed themselves by trouncing Big Sandy by a three point margin.

Buddy Boyte defensive star of the Techsters was rewarded for his spectacular playing throughout the tourney, by being placed on the All-Regional team. Buck Smith was awarded a similar spot on the second team of the All-Stars.

Spring Training Well Underway

Spring training for Tech grid-ers is now in full swing and Coach Charles Jamerson has high hopes for the team next fall.

Coach Jamerson is assisted by three other coaches. They are Mark Hammond, who was the line coach last season, Bill Zarecor, another line coach, and Kimbrough Vaughn, a backfield coach. Za'cor and Vaughn are from State Teachers College.

Among those who are certain for a starting position next fall are: Rip Woodward, hard driving full-back. He is expected to be a main cog in the Jackets' machine. Max Wise is slated for the quarter-back post, followed closely by George Kacariades, who has been changed from fullback, and a number of other lads that are working for the same position. The tailback spot vacated by Joe Brown will be filled by Jimmy Smith, Jack Bishop, and Ed Camferdam. Harry Sayles will take Bob Walt's position at right end. Ben Arnold will be back to fill his place at tackle, as will, also be Peter Meek. At center, Jack Cramer and Wade Newhouse will be fighting for that position. The guard positions will be taken by Wallace Wilson, Ed Cobb and a number of others. With these fellows in line for these positions, Tech will have a good team next fall.

Girls Win In First District

First Girls' Team From Memphis To Win District Play-off

Not to be outdone by the boys the girl basketekers from Tech marched thru the district tournament and came out on the top defeating four worthy opponents to be the first girls' team in the history of Tech ever to win the district crown. They were also the first girls' team in Memphis to accomplish this feat. The girls were the top seeded team, even though they were not the city champions. Tech's success in the tournament can be credited much to the sterling play of Mary Emma Craine, forward, who was voted as the most valuable player during the tournament. Marjorie Cornell, Lucille Frazier and Eddie Sue Jones also played brilliantly during the tournament. Tech girls who made All-District were Mary Emma Craine, Marjorie Cornell, and Eddie Sue Jones.

Tech defeated Ripley in their initial contest by the tune of 67 to 45. Tech had a ten point advantage at the half way mark, the score being 32 to 22. Mary Emma captured the scoring laurels, hitting the basket for 37 points. Ester Kelly scored 20 points. Marjorie

Cornell and Eddie Sue Jones played their usual brilliant defensive basketball.

Tech advanced further to the semi-finals by disposing of Bolton. The score of this game being 65 to 47 in Tech's favor. Esther Kelly, tall forward for the jackets set a tournament record when she sent 52 points swishing thru the net.

Tech now having hit a stride that could not be overcome, played the hardest foe in the tournament, this being Bartlett. Tech's worthy guards, Marjorie Cornell, Lucille Frazier and Verniel Harris held Bartlett's highly touted forwards Ferguson and Bauer to 51 points while Craine and Kelly were piling up 61 points, enough that Bartlett could never overcome. The score was tied four different times in the tilt. Tech led at the half by a 2 point margin 32-30.

Tech lassies entered the finals, the only seeded team left in the tournament. The opponent this time being Mansford. Mansford's forwards could not escape Tech guards long enough to score the ample points while Tech scored 57. Forty points was the lowest scored against Tech during the entire tournament. Tech was never pushed in the game and was leading 31 to 22 when the first half ended.

Tech girls have lone we! for themselves under the watchful eye of their coach, Miss Margaret Warren.

CRAINE SELECTED AS OUTSTANDING PLAYER

Mary Emma Craine, Tech forward, was selected as the outstanding player during the district tournament. She was picked by Referees Bill Osteen and Jimmy Ferguson, timer A. K. McCall, and Emmett Mann, sports writer, for the Commercial Appeal. Mr. Elliot, secretary and treasurer of the Tennessee Secondary Athletic Association presented Mary Emma with a silver basketball for her outstanding performances in every game.

Mary Emma is a junior and will be a big factor on the girls' team next year.

SPORTLIGHTS

BY BOBBY STEWART

This is your sports writer bringing you the high lights in the world of sports around the campus of Old Tech High, "So hold tight!"

The boys' and girls' basketball teams have really stepped out this year bringing two new trophies for the show case. The boys took the Prep League title with ease, then marched on to the District Tournament at Messick, defeating all the competition the First District could offer. Then, excitingly, they went to Milan, Tenn., March 9, 10, 11, where they met with an upset in the semifinals, being defeated by Milan 42 to 26. They rated third in the tournament. The girls dropped the Prep League title, but went to the District Tournament and walked away with the trophy. This is the first time Tech girls, or any Memphis school team has won the District Tournament so we are proud of them. The girls went to the Regional Tournament March 16, 17, and 18, where they won their first two games but dropped the third to Humbolt, 83 to 57.

After basketball season is over or just before it is over we begin to talk about baseball, track, and spring football practice. Speaking of baseball have you noticed that new diamond they are building behind the school for the boys to practice on, it certainly is an improvement over the one they had last year. With a new diamond to practice on and with such players as Gene Lambert, John Taylor, J. M. Hooker, Harry Sayles, Jimmy Smith, James Raines, Lloyd Bartlett, and Lloyd Brent the Jackets should produce a very good team. Track season also comes along the same time as baseball. The track team did not get a new track but they will continue to

chosen captain of the Prep League All-Memphis quintet, and voted the most valuable player of First District Bournament. Buddy Boyte placed on All-Memphih and on All-West Tennessee and to top it all received a place on the first string picked after the Regional Tournament. Buck Smith received honorable mention on All-Memphis, then at the end of the District was picked on that team, and then received a second string berth for a splendid performance in the Regional tournament. Mary Emma Craine was voted the best performer in the District tournament. Eugene "Lefty" Beaton, who performed splendidly for the Jackets in Baseball last year recently received an invitation to join the Philadelphia Phillies at their training camp to try out for the team.

Luck to you "Lefty."

New Trophies For Case

Tech High's brilliant basketball combines contributed two more trophies to the already over-crowded Tech trophy case in the front lobby.

By annexing the First District titles in both the boys and girls division, Coach Margaret Warren, of the girls, and Coach Charley Jamerson of the boys, were able to present to Prof. J. L. Highsaw and Tech High two of the finest trophies that adorn the trophy case.

Due to their spectacular rise to the championship and their great playing throughout the season, the girls' squad was awarded a box of

candy for each member of the team.

Tuttie Fruttie

BY JOOTIE COOTIE

Greetings gates let congregate, in small groups, or big crowds or in two-sones, what I mean is, come on chillun, les gossip

In the first place I hear tell of a near feud when a certain little gal named Jeanne blew off a puff of hot air that would do credit to a steam engine. But is still wasn't enough to blow out the flame between CaroLyne "Krazier" and George Crawford. Strictly solid!

One of these "makes-ya-want-a-try" scenes is Ralph Wiggs staring out the window since our "C'est Sophomore" has given him the run around. Dizon't wizory, Riza!h! There'll come a day!

Bug feet! Lillian Bradley really ropes 'em in! One day at lunch she had on Johnnie Griffen's buttons, W. T. Clark's ring and was talking to Nelson Freebuz! She should work out a system, er sump'n.

Dorcas "Punchie" French knows and gets what she wants. Those buttons may belong to Harold Steinkamp but her heart belongs to Eddie.

'Bout the cutest lil romance ever whipped up at Tech High is the Dorothy Combest—J. C. Black affair.

Don't look now, but, Vella Stribley and J. P. Walker are ginning right along these days.

People are beginning to suspect things when it gets so that every day Jerry Scruggs gathers up her lunch and very calmly parks it beside Bill Hamlet. My, my, and it isn't even leap year.

Thank Davis Pickle for that smooth head for this column. He suggested everything from "Ino the Cow" to "Andy's Courtin'."

P. S. Evelyn Phipps and Joe Howell did some whizzie whizzing themselves.

Prince Robbins was sooo happy at George Austin's party. Why? Juantia Dorsett, of course.

If you ever want to find Jane Holt or Aileen Nelson on a Saturday night, just swing it on down to the Lamar Community Center. They'll be there!

If you wanta get tickled just get Bill Carrington to say "Whassa matter 'th you, gal, you cat'ay? Edwin Russell is beginning to think about going steady with Mary Jane Asbury (she's not a Techite.) Gosh! He's only gone with her four years.

Members of the "Small Fry" club are sorta taking turn about with Ed Cobb. Can't say that I blame 'em though.

Hey! I've found out what Jimmy Dean's secret passion is, Dubble-Bubble Gum!

Well, to wind up all this stringing along, I quote, well, I quote most anybody, "Don't forget, Stars sparkle over the Peabody."

Honor Society Visits Schools

Members of the Senior Honor Society and the three teachers in charge visited the Central and Humes installation services in an effort to obtain their ideas for their program, to be held in the near future.

Edgar Luton, president, and Katherine Becker, secretary, and Misses Mary Butler, Lula P. Cullen and Jeanie Johnston attended the services.

In discussing the ceremonies Edgar said, "Central had the best attention and most impressive ceremony I have seen anywhere." He also stated, "I am sure Tech's service will be a great success."

The services will install the members of the high school club into the national society.

Honor Roll Decreases 26

Names In The News

With the coming of spring, comes also the thought of graduation, and many of the well known seniors put their thoughts into these words.

Let us take Miss Faye Gardner, Tech's popular Honorary Major. When asked what she thought of our school, she replied, "Well, I thought enough of it to change from Central." She also said that she likes Tech's majors, and that she hoped to go to work as a "private secretary."

Next, comes the Major, John Taylor, who says, "I think the school is swell, but what I like best about it is the attitude of the students, as well as the teachers, toward everyone." Johnny intends to go to college, although he hasn't yet decided which, and hopes to be a big success in whatever he does.

Marjorie Cornell, pretty All-Memphis guard, said that she thinks the school is simply grand and wishes that she had three more years here. She likes, of course, basketball better than anything, and intends to go to work after finishing school.

And now for Lieutenant James Andrews. James says, "I think the school is swell, and if it were not for looking forward to college, I would really hate to leave." He says that it is rather hard to say just yet what he intends to do when he is out of school, but will probably go to Southwestern. Eating and loafing are his favorite past-times.

Attractive little Jean Yates says that the school is simple swell and offers lots of advantages. Best of all, she likes the officers and the library. She said that she wishes she could come back another year, but will probably finish her schooling at Harding College.

Dotty's Doings

With spring in the air text books have started gathering dust on the shelves of her various lockers, and many of the campus flirtations are being renewed after being sadly neglected during the long winter season, I again pause long enough to put Tech's great students wise to all the latest budding romances on our beautiful campus. A few of the latest victims of the love-bug are Allen Green and Judy Cour; Don Johnson and Jean Phillips; A. J. Thomas and Molly Stites.

They say in the spring a young man's fancy turns to love, evidently Gerald White is trying to upset this old saying—come on, Jerry, haven't you heard woman haters went out with the depression.

Davis Pickle made the startling discovery at the D. P. B. Dance the other night that love isn't the only thing that can make the world go around—a couple of strong cigars have the same effect. Happen to they sell me Margaret Belloumim has left that same young man rather breathless.

Say, have you boys seen that adorable sophomore, Margie Woodmansee? Talking about an eye full, she 'as "it", in capita's. But I think I ought to warn you, Luke Hand has a head start, so if I were a boy I think I would get to work at once, if not sooner.

Boy oh boy, Johnnie Younger certainly has fallen hard, after so long a time he has finally found the right Williams girl, if you remember correctly first there was Frances, but now he says that Katherine is the one and only.

Personal warning to Don Walton, if I were you I wouldn't try to...

Evelyn, you'd be surprised to find out what a little though guy she really is.

"Wing" Minor had better watch his step or his girls or getting to get

together and gang up on him. Can you imagine Kitty Glancy and Minnie Wilson with their heads together?

It just wouldn't be proper to end this bit of scrawling without a quick glance at the officers and sponsor clubs. A quick summary proves that Harold Steinkamp and Dorcas French are at it again, and Hope Sudlow and W. T. Clark have definitely called it quits and Edna Macabee is now wearing his buttons. Jean Yates and Parker Johnson are again looking at each other with that certain look in their eye.

Warner Hodges, formerly known as "Fuzzy", is known as "Slick", due to the application of scissors to the lower portions of his head. He says, quote, "Today, I am a man" unquote.

In case you haven't heard the reason J. A. Fitzgerald seems unaffected by all the lovely beauties strolling on the campus the reason happens to be a comely Central junior.

Spring, winter, summer, and fall, some couples seem to get along without even a slight disagreement, they are always together and have eyes only for each other. Some of these exceptional couples are Mike Webb and Jean Davis, Albert Klein and Martha Redding, Kenneth Shoup and Iris Mitchell, Jack Sanford and Margaret Ryan, Bill Hamlet and Jerry Scruggs.

Seats Reserved For Parents

Setting a precedent at Tech, Principal J. L. Highshaw will reserve a section of seats for the graduates' parents on the night of graduation, which will be May 24. "I feel that a reserved section for the graduates' parents would be fine," said Mr. Highshaw, "but the section will be opened to anyone at 8 o'clock. The exercises will begin at 8:15. It would not be right to have empty seats there when the program begins." Tickets for the first floor have already been ordered and each graduate will be given two. These tickets will admit the parents to the first floor seats. Others will sit in the balcony unless the reserved seats are not taken by 8 o'clock. Graduates' parents should appreciate this action for, heretofore, some have come about 8 and found all seats except those in the "peanut gallery" filled.
